Dear Local Business Owner/Manager,

The Clifton Park Youth Hockey Association (CPYHA) would like to ask for your support of our community's youth and the ability to continue to build one of the strongest youth hockey associations in the capital region. CPYHA is a non profit organization dedicated to providing the best possible experience for our youth playing the sport of ice hockey, all with a focus on the skills and fun of the game. Our program starts with children as young as 3 years old and continues all the way through high school.

CPYHA is looking for business members of the community to help take a role in our program by participating in our sponsor program for the upcoming season. Funding will help offset equipment costs for the younger players just getting started, as well as fund a scholarship program for those who, without support, would not have a chance to play the game.

We understand that every business is unique and that everyone helps in their own special way. Whether it is through full team sponsorship, player scholarships, or cash or gift card donations, any help that you are willing and able to provide will help us put forward our best effort in creating a positive, memorable, learning environment for our community's youth.

Thank you in advance for your support!!

Eileen Carson
CPYHA Ways and Means Director
